transitional care unit (the tower)

When you get to the Transitional Care unit, you will meet a lot of new people. You will have therapists, nurses, doctors, teachers and other staff members who will work with you every day. During your therapies, you will work hard to reach your goals while having fun!

You will have your own room with a bed, a couch and a television.

You will also have your own bathroom.

You will go to the gym for some of your therapies.

You will work on school work with the teacher in the classroom or in your room.

You may come to the music and recreation room for Music and Recreational Therapy!

This is called the Dayroom. Sometimes we have group activities here where you can socialize with friends or you can just enjoy looking out the windows.

This is the nurse's station. Our nurses are close by.

This is the family room where patients and families can spend time together. There are books, games and toys available in the cabinet for you to play with!

On a nice day, you can get outside and enjoy some fresh air!

pediatric medical rehabilitation unit (pmru)

The PMRU is our Pediatric Medical Rehabilitation Unit. When you get to the PMRU, you will meet a lot of new people. You will meet your Physical Therapist, Occupational Therapist, Speech Therapist, Child Life Specialist, Teacher, Music Therapist and Recreational Therapist. You will also have a doctor, nurses, Respiratory Therapists and more. During your therapies, you will work hard to reach your goals while having fun!

This is what your room will look like in the PMRU. You will have your own bed, a chair, a TV and more!

You will also have your own bathroom.

You will have some of your therapies, like Occupational Therapy and Physical Therapy in the gym.

This is the classroom where you will work on schoolwork with the teacher!

Timmy's Playroom has toys, video games, board games, and other fun activities for you to enjoy during your stay!

On a nice day, you may be able to enjoy the outdoors!

complex care unit (CC)

In our Complex Care unit (CC), you will have a bed in a large room with other patients. You will have your own bed-space, closet, drawers and shelves for your things! You will have therapists, nurses, doctors, teachers and other staff members who work with you every day.

These are the hallways in Complex Care unit that will take you to class, therapies and more.

You will have a bed space with your bed and toys. There will be other patients in the suite as well. The nurse's station is in the middle of the unit, so your nurse will be nearby!

This is what one of our classrooms in our Complex Care unit looks like. You will go to the classroom to learn new things all year-round.

In the gym, you will have some of your therapies like Physical Therapy and Occupational Therapy.

It's always fun to get outside and explore the playground!
