

# AARON'S ATV SAFETY TIPS

EVERY  
RIDE.  
EVERY  
TIME.

1. Always wear a DOT-compliant helmet and the right safety gear.
2. Take a hands-on ATV RiderCourse and online E-Course.
3. Never ride on paved roads.
4. Ride an ATV that's right for your age and size.
5. Ride without a passenger.
6. Supervise riders under age 16; ATVs are not toys.

*Aaron Bullock, a former patient at OU Medical Center and Bethany Children's Health Center survived an ATV crash in 2005.*
